Subject: Cleanup could hurt local jobs

Please support blue-collar workers by giving us a river cleanup plan that helps our industrial employers grow.

The EPA proposal I've heard about may be good for the river and the fish. But I am not so sure it will be good for people, the people who depend on the river for their paychecks and to put food on the table. Please consider a cleanup that's good for the earth and our jobs.

Thank you for taking time to read my comments. I wish you luck on finishing a plan that supports our economy.

Sincerely,
